

## Allegion Finalizes Acquisition of Access Control Company ISONAS

DUBLIN--(BUSINESS WIRE)-- **Allegion plc** (NYSE: ALLE), a leading global security products and solutions provider, has completed, through one of its subsidiaries, the previously announced acquisition of ISONAS.

**ISONAS** has edge-computing technology that provides innovative access control solutions for non-residential markets. ISONAS intelligent devices – like its popular integrated reader-controllers – utilize power over ethernet, making them easy to install and cost effective as they utilize existing customer infrastructures. The company is based in Boulder, Colo.

Allegion announced its intent to purchase ISONAS in June 2018. For more information, see the [original press release](#).

### Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements that relate to the acquisition's impact on the company's financial and operational performance, the acquisition's ability to drive growth and the integration of the acquisition. These forward-looking statements are based on the company's current available information and its current assumptions, expectations and projections about future events. They are subject to future events, risks and uncertainties - many of which are beyond the company's control - as well as potentially inaccurate assumptions, which could cause actual results to differ materially from those in the forward-looking statements. Further information on these factors and other risks that may affect the company's business are included in filings it makes with the Securities and Exchange Commission from time to time, including its Form 10-K for the year ended Dec. 31, 2017, and Form 10-Q for the quarter ended March 31, 2018, and in its other SEC filings. The company assumes no obligations to update these forward-looking statements.
