Innovating for more than a century

Allegion is known for its innovative security products and solutions, with brands that have established leadership positions in their markets and strong reputations for quality. Those brands have roots in businesses from as early as 1750, and many have since created their respective product categories, adding to the breadth of the company global heritage and pioneering spirit. Today, Allegion and its brands continue innovating and developing leading-edge solutions through engineering, industrial design and IT as well as strategic partnerships and acquisitions.
